

Sustainable Buildings Collaborative — Americas

Scaling high-performance building solutions through cross-sector collaboration

Facilitated by:

You are invited to become an ambassador at a powerful new regional initiative uniting leaders from across the Americas to accelerate progress toward high-performance, decarbonized, and resilient buildings.

Our first in-person roundtable will take place at Greenbuild 2025, where invited members will officially launch the collaborative, define initial focus areas, and build momentum for regional impact.

Sustainable Buildings Collaborative Retrofit Roundtable 2025

The inaugural roundtable event for Sustainable Buildings Collaborative (SBC) Americas, a partnership facilitated by UNEP and the BAC.

<https://www.verdani-institute.org/sbc>

✳ This event will take place immediately after the Sustainable Finance & Investing Forum.

🚩 Greenbuild 2025
Los Angeles

📅 Tuesday, November 4
5:00–6:30 p.m. PST

👥 Participation is limited to
60–70 stakeholders

This exclusive roundtable will bring together stakeholders from the U.S., Canada, Mexico, Brazil, and beyond, including:

- Building owners and operators
- Service and tech providers
- Cities and policymakers
- NGOs and academics
- Investors and insurers
- Utilities and trade associations

Confirmed members include representatives of:

The California Energy Commission, Building Owners, Investors, Southern California Edison, USGBC, BAC and more.

Why This Collaborative Is Different

- Cross-Sector by Design—Breaks silos by convening building owners, service providers, policymakers, NGOs, academics, investors, insurers, utilities, and trade associations.
 - Globally Aligned—Serves as the official Americas hub for UNEP's Buildings Action Coalition—advancing the Buildings Breakthrough Target, Paris Agreement, and UN SDGs.
 - Action-Oriented—Focused on accelerating implementation of existing building retrofits, including efficiency, electrification, and decarbonization strategies.
-

What to Expect at the Inaugural Roundtable

- Co-create the Collaborative's focus areas and 2026 roadmap
 - Explore retrofit strategies and regional case studies
 - Identify policy levers such as BPS, electrification codes, and incentives
 - Share insights on green finance opportunities
 - Discuss challenges and opportunities unique to the Americas
 - Build partnerships that move projects from planning to implementation
 - Receive a Summary Report with key insights and next steps
-

ABOUT THE HOSTS

This initiative is facilitated by:

We'd be honored to have you join us at this pivotal moment.

Confirm your participation and inclusion in this exclusive group by registering for the November 4th kickoff event: <http://sbcretrofitroundtable.eventbrite.com>

If you'd like to schedule a brief call for more information, email us at info@verdani-institute.org.
